

Tripletta

August 2 – September 26, 2014

Tripletta

Tripletta is a show comprised of miniature works of art by a variety of artists, predominately from the Midwest. One translation of the Italian word tripletta is small triplet. Each artist was challenged to create three works of art that were each 2.5”x 3.5” and no thicker than a quarter inch. The choice of three was to give artists the opportunity to tell a larger story or show a bit of diversity within their chosen medium. Regardless of each artists approach, size and quantity is the constant thread running through the show.

Tripletta is a group of these miniature works that become an intimate dialogue between the artist and the viewer.
